### Details

---

#### Description

The young German SME from the southwest of Germany is specialised in the manufacture of spices and spice mixtures. They started as an online seller with a small showroom, in the meantime they are well-established in Germany and expanded their business in offering their products in local stores and supermarkets. Additionally, they run a sales room next to their production premises where they sell their products as well as relevant accessories. The company is producing mainly biological products and are certified under EU-Eco-Regulation 834/2007. They are looking for additional certified partners active in the production of all kind of high-quality and biological spices and herbs that are consistent with their core business in order to expand their Portfolio under a manufacturing Agreement. In addition to their main business they also sell teas, coffees, salts and sugar. The company has their own brand name which is well established on the national market

### Advantages and Innovations

The company is a young but traditional SME that carefully pays attention to the quality of their products.

Their products are NOT produced industrially but they are a traditional manufactory with a range of own recipes to various meals and origins.

All products are filled and packed manually..
