

A French company is looking for eco-responsible plastics and packaging suppliers or manufacturers

Technology request- POD reference: TRFR20220321011

Short summary

A French company is looking for eco-responsible packaging for their different ranges of products. They are specialised in complementary feed and their products are: liquids, pellets, creams, gels, pastes, etc. They are looking for some buckets, pots, bottles, barrels, tubes and syringes in different sizes, in aluminum, recycled plastic, vegetal plastic or any other eco-responsible material. The company wants to establish a commercial agreement with technical assistance.

Full description

The French company is a company selling complementary feed for animals. They want to change all their packagings, for all products, in eco-responsible packaging. They need different sizes of buckets, bottles or barrels. They are ready to study all eco-responsible packaging: vegetal plastic, recycled plastic (PP, HDPE, PET), aluminum or any other eco-responsible material. They need white and solid packaging. To evaluate packaging, they need pictures, prices and also samples to try their products inside. Ideally, the partners will be able to answer these criteria.

The company wants to establish a commercial agreement with technical assistance with eco-responsible materials suppliers or manufacturers.

Advantages and innovation

Technical Specification or Expertis

The French company needs packaging 100% eco-responsible or very close of 100%. They need solid packaging and good quality. Also, they prefer white packaging.

For liquids, bottles of 500ml, 1L and 5L.

For pellets, pots and buckets of 450mL, 1,25L, 1,5L, 2,2L, 4,4L, 5,5L, 13,3L and 26L.

For cream and gel, tubes of 150ml and 250ml.

They need tamper-evident system on most packaging.

The French company would like to work with eco-responsible materials experts. The partners will be willing to work with materials, bringing their technical know-how and expertise in analysing, testing these new materials and advising on their sustainability for the products of the French company.

Partner sought

Expected role of the partner

The French company is looking for partners able to fulfil its environmental vision. The size of the partner doesn't matter. The partner sought have to advise good eco-responsible packaging with good prices. Be available and flexible.

Technical cooperation agreement or manufacturing agreement are sought. Indeed, the range of products is large. The possibility to send samples to try the French company's products inside will be necessary.
