General Information

Short summary

A Slovak distributor of magnesium fertilizer is looking for an exclusive distributor or sales representative in EU countries. The subject of the company's business is wholesale. The company is looking for an exclusive distributor who will sell products in individual EU countries.

Full description

The Slovak company brings to the market a fertilizer product with a high magnesium content that does not harm the environment. The Slovak company cooperates with verified producers, from whom it obtains certified fertilizer and sells it under its own brand. The company does not oblige the distributor with a minimum purchase amount. The destination countries are the countries of the European Union. The method of business cooperation is the subject of an agreement between the companies (Commercial Agreement, Supplier Agreement).

Advantages and innovations

The company does not commit potential partner to a minimum purchase.
The products are in practical packages adapted for the end customer.
